Here at Diyas we believe the allure of crystal is timeless. This is why we continue to develop and refine our ideas producing exquisite, elegant and graceful designs, giving a 21st Century twist to this most traditional material. We consider purity and refinement to be essential qualities in all our products. Our inspiration comes from nature itself.

# FREIDA

Freida is a stunning comprehensive collection.

The dazzling strands of round crystal beads finished with slim hexagonal drops, cascade along the centre of each light and through the stylish organza shade. This sophisticated modern design is available in polished chrome with a white or grey shade or french gold with a more suitable ivory cream shade. A full range including a pendant, semi-flush light, table and wall lamp provides the variety to build a family of lighting within one room.
